Dr. Jacob A. Clutz was elected president of Midland College in 1889. He occupied this position for 15 years, handing in his resignation February 1, 1904.

Dr. Clutz was succeeded by Dr. Troxell who was president for eight years. It was during his administration that the Carnegie Library was erected.

Dr. R. B. Perry was elected successor to Dr. Troxell. Dr. Perry's educational background gave him an excellent preparation for his new position.

As his successor Dr. E. E. Stauffer was elected. Previous to his election he has served for eighteen years as a member of the Board of Trustees. It was through Dr. Stauffer's leadership that the college was successfully moved from Atchison to Fremont.

Dr. Stauffer was succeeded by Dr. J. F. Krueger. Previous to his election he was professor at the Western Theological Seminary, and so was well fit to take over the affairs of the college.

The Class
of
1925

THE SENIOR CLASS

When this little book shall have been perused by its loyal supporters, college days for the Class of 1925 will be over forever. Friendships dear and sacred must be broken, each member taking his own little way down the winding pathway of life.

Looking forward to the time when these days will be only golden memories, we have placed here scenes which we trust will enable you to live anew these days of youth and joy and friendly rivalry. May they help you in memory to stroll again beneath the spreading trees, or wander by the singing brooks, to bask in early morning's sun or to dream in the bright moonlight glare.

If they shall have helped to make your memories more precious, and your reminiscences more vivid, their mission will have been amply realized.

ANNA BRANDT, Kal, Fremont, Nebraska

Major, Latin; Minor, Mathematics; Senior
Class Treasurer; Y. W. Cabinet.

Anna labored not for herself alone but also for those who sought learning. She is of the modest, quiet, considerate, reserved type. Anna has a pleasant, friendly disposition and is loved by all who know her.

WILFRED KLATT, Wynn, Ponca, Nebraska

Major, History; Minor, Education; History-
English-Education Club; Wynn Dramatics 3;

Wilfred was one of those "hard-working students." But we think he ought to explain to the Dean before he leaves college some of those "mysterious" deeds which happened during his college career.

*Rem. I am
certainly glad
that I really
got acquainted
with you
I'm not a
stand yourself
first.

HUGH RANGELER, Kal, Fremont, Nebraska

Major, Music; Minor, English; Glee Club 1, 2, 3, 4; Quartette 3; Kal President 3.

Major, History; Minor, Philosophy and English; History-English-Education Club 3, 4; Forum 3, 4; Business Manager of Warrior, 4.

Major, English; Minor, History; History-English-Education Club 4; Midland Staff 1; Kal Dramatics 1, 2, 4; Madrigal 4; Pathfinder.

Jean has that far-away look in her eyes. They say the Midland men don't interest her anymore. Jean is everyone's friend and is always ready with sympathy and a cheery word. Jean is the sort of girl worth knowing—jolly, sincere, ambitious—a real pal and friend.

JOHN GLOCK, Kal, Millerton, Nebraska

Major, History; Minor, Philosophy; History-English-Education Club 3, 4; Editor of Warrior 4.

Club 4; Forum; Y. L. M. S. Vice President.

Charlotte has been at Midland only a year and a half, but in that time she has been an influence on the campus for really worth while things. She is a Student Volunteer and will sometime take her place in the foreign field.

When a big man who could be trusted to bear a big responsibility was needed, "Judy" was always selected. He seldom fails to get what he goes after. Our football Captain was the kind of a man we all wanted for a friend.

LEONA CHRISTENSEN, Wynn, Fremont, Nebr.

Major, Mathematics; Minor, English; Science Club; Wynn, Secretary 2.

LUCILE HERBST, P. K., Iowa Falls, Iowa.

Major, History; Minor, English; Carthage College 1, 2; Ellsworth College 3; Midland Staff 4; Madrigal Society 4; Pathfinder; History-English-Education Club.

Long before she joined our ranks in the fall of 1924, she had already fallen prey to Cupid's arrow. She always meets you with a smile and is just the one to turn your dark cloud inside out.

FRANCES WICKLUND, Kal, Mead, Nebraska

Major, Home Economics; Minor, Mathematics; Pathfinder; Kal Dramatics 3; Critic 4; Y. L. M. S.; Science Club 3, 4, Secretary-Treasurer.

Frances, short, dark and full of fun. One of the liveliest of the live. She is of the friendly manner and infectious laugh. Frances is fitting herself to wipe away dyspeptic frowns by her skill in the culinary art.

Major, History; Minor, Physical Science; Science Club 3, 4; Warrior Staff 4; Wynn Dramatics 3, 4; Y. W. C. A.

Always good-natured and happy. Cheery, popular and peppy. When it comes to her specialty you must see her acting her part in the Wynn dramatics. In this she is without peer.

The Class
of
1926

THE JUNIOR CLASS

Two years ago the Freshman class
Appeared from many miles about
Determined some day to possess
What Seniors don't depart without.

The registration room of Midland College was a busy place one beautiful September day in the Fall of 1922 when an eager band of I. W. W.'s (Ignorant Wisdom Wanters) took upon themselves the classification of Freshmen. A witty band they were, possessing unknown talents and a great capacity for learning. Although in continual fear of upper classmen they accomplished many things that first year, the most significant being the formation of the Phi Kappa Society. Finally, the first and hardest year was brought to a happy close.

When in the Fall of '23
The Midland curtain lifted
They had returned and gayly
To the Sophomore section shifted.

They now had a clearer idea of College life and the things expected of them. They showed a livelier interest in school activities and manfully performed their duties to the green newcomers. That year Midland was completely engrossed in the conducting of the Greater Midland campaign and this class ranked highest in per cent of those who subscribed. Then the second year of College life ended and they again disbanded for the summer vacation.

They left, possessing just one-half
A College education
Intent to get the other half
At this self-same location.

Teeming with loyalty they appeared again at Midland, this time as Juniors, and perfectly able to sympathize with the lower classmen. The first number on the social program was a breakfast-feed at which event the fact was revealed that a decided cannibal element existed in the class, when a tall lean member (A. S.) manfully masticated the slimy raw propellers of an innocent country frog. However, their abilities were not limited to such insipid frivolities. Among their members are the Cheer leader, Midland Editor, and Presidents of Y. M. C. A., Phi Kappa Society and Glee Club, and they are duly represented in debating and other activities. As a summary, it has been a busy and profitable year and they look forward with enthusiasm to their fourth and last year as students at Midland.

Though the future is uncertain
And depends on circumstance
Time is all that is required
For the Juniors to advance.

DALY

SUDMAN

MONKE

FACKELMAN

HELEN COTTA WHITE, Kal,

Wolbach, Nebr.

Cotta is one of our liveliest members. She has more pep than T. N. T., and is a real booster for Midland. She is an interested Y. W. C. A. worker and prominent in many other activities. She possesses the enviable ability of being able to keep awake in Dr. Mendenhall's classes.

ALBERT SUDMAN, P. K.,

Sarben, Nebr.

Bert is following in the foot steps of his brothers. He is president of his Literary Society and takes active part in the Y. M. C. A., and debating. He is an "A" student and not at all ashamed of it. Bert says, "When they promise to be your sister, look out brother!"

LOUISE FACKELMAN, Kal,

Ponca, Nebr.

"Porky" is our talented soloist. She is a loyal student and an active worker. She very ably performed her part in the Kal play. Worries are as foreign to her as icicles to the equator. She is seldom seen without Lucille.

CORNELIUS A. DALY, P. K., Fremont, Nebr.

Red is a likable chap and always busy with his work. He is the only Junior with locks of the fiery type, and we are expecting great things from him. He says he would rather be a leader of men than a kidder of women.

LUTHER MONKE, P. K.,

Fontanelle, Nebr.

Monke is not as stupid as his name would suggest. He is a mean swinger of both tennis rackets and girls. Two years ago he won the Singles Championship at the State Tennis Tournament and we are expecting him to do it again this year.

TEIGELER

LOSEKE

MYERS

WOOD

ZIELS

PAUL TEIGELER, Kal,

Fremont, Nebr.

"Teig" is a conscientious student and a true friend. He is not as noisy as he is tall, but sincere in all he says and does. He is a member of the "M" Club, having made his letter in football. We could tell a few jokes on him but 'tis safer to be safe.

MRS. WILLET MYERS, Kal, Scribner, Nebr.

Mrs. Myers, the married lady of our class, is from Scribner, where her husband is the superintendent of the Scribner High School. She is taking the Home Economics course, most evidently knowing the way to Hubby's heart. Mrs. Myers is cheerful and happy and has many friends at Midland.

NORBERT ZIELS, P. K., Nebraska City, Nebr.

Nort is our only classmate who is honored as being an assistant teacher. This year when he became Editor-in-Chief of the Midland, he placed the running of it on a systematic basis. He has held the lead in all the P. K. plays since its organization and was this organization's first president. As president of the Glee Club he makes quite a singer. Whenever a Sexton comes near we find that he always rings true.

THEODORE LOSEKE, P. K., Leigh, Nebr.

Ted became a Junior the second semester, and we gladly welcome him to our midst. He is a great friend of the Dean and is thoughtfully considering his possibilities of becoming a Democrat. He is majoring in the art of wooing the fair ones.

EDMUND WOOD, P. K., Hastings, Nebr.

Midland needs more men like Ted. He is a wide awake lad with high ambitions. This year he is president of the Y. M. C. A. Ted never half does a job, and nothing is Greek to him but Greek.

LENHOUTS

GRITTMAN

EBEL

GEERTSEN

HARRY E. LENHOUTS, P. K.,

Columbus, Nebr.

This is another of our talented members. He is an "M" man and a happy fellow. He is interested in all branches of college life, and though a member of the sweeping squad, always looks on the bright side of life. He is an inhabitant of the subterranean dungeons of the gymnasium and is somewhat more inclined to mischief than his innocent-appearing countenance would indicate.

HARRY E. EBEL, P. K., Dakota City, Nebr.

Harry is a trustworthy young man, and an interested worker. The only things he likes better than his studies are the girls. He is a capable singer and is also noted for his cross-word whistle. His great weakness is his habit of starting arguments.

ERNEST GRITTMAN, Wynn, Glasco, Kansas

Ernie is our class president and he was such a success that he has been re-elected for the second semester. He is a crack tennis player and entered an Inter-Collegiate track meet as our pole vaulter. He is one of the Jennings gang and hails from Kansas. When one is needed who is dependable and unassuming, Ernie fills the bill.

FREDA GEERTSEN, Kal,

Fremont, Nebr.

What would Midland do without students like Freda? She is conscientious in her work and always willing to help a friend. She doesn't allow any sheiks to distract her attention from her studies. If it were possible, we would put her on a typewriter and put quotation marks around her.

LUCILLE M. HECKT, Kal,

Hooper, Nebr.

Lucille is a noted singer and skillful pianist. The last two years she has been accompanist for the Glee Club. She is popular among all the students but more popular with a certain one. She says it is a great life even if one does weaken. Oh! Oh!

GASTON

SWIHART

ROBERT GASTON, Kal,

Atchison, Kansas

Here is the pride and hope of Kansas. Bob is a natural born orator and doesn't hesitate to tell what he thinks. However, his abilities extend farther than oratory and debating, as he simply can't subdue those jazzy tendencies.

BERNICE STAHL, Kal, West Point, Nebr.

Bernice is one of our loyal West Point students. She is a real business lady, having received variable training in her father's printing shop. "Buns" is known for her sunny disposition, sweet voice and the active part she takes in school life. She knows nothing of "stahling" but is a hard and faithful worker.

ALTMAN SWIHART, Kal, Nevada, Iowa

Behold "Swi" our ladies' man. He is known by his penetrating voice and thundering laughter. He is busier in five minutes than the rest of us are in a week. He is cheerleader, business manager of the Midland and one of the foremost debaters. He also has musical and courting abilities but does not exercise the latter.

ERNEST HARDER, P. K., Johnson, Nebr.

He is one of the leading Christian advocates on the campus. He helped to organize the P. K. Society and has been instrumental in the success of many organizations. The Inter-Society Council is one of his children. He is an Ex-Editor-in-Chief of the Midland and always worked furiously the last few minutes before its publication. His chief delight is to denounce war, and gain "Dodo" for ad infinitum.

CARL THURNER, Fremont, Nebr.

Carl came directly from Germany and this is his first semester at Midland. He is a brilliant student and is thorough and punctual in his work. He is quiet and sincere and already has made many friends.

The Class
of
1927

THE SOPHOMORE CLASS

The class of twenty-seven entered Midland much the same as every other Freshman class has invaded the stronghold of knowledge times without number. It was then that College spelled enchantment to us and the wares the Profs peddled were bought and embraced with eagerness.

We have had our hopes and ambitions that have faded since, but a number of us have seen them supplanted with more practical aims and far nobler desires than those first childish designs. We are young and very brittle; the silver cord is yet unloosed and the grinders are working well. But we welcome the more difficult yet softening years that await us outside our halls of learning, nor will we regret the happy, carefree days we spend here.

There is nothing extraordinary about us except perhaps the likenesses you see on the pages following and with which we beg of you to be charitable in your remarks. We believe to the last Soph that looks don't count and are confident that others will sympathize with our position.

There are a few among our number whom we know will honor the class in the next quarter century, but how many that will be or how illustrious their deeds, it will be easier to tell of then. In the two years at College, we haven't developed anything but cases. However, if we toil as hard at our life's work as we have been desperate in these, there is indeed much promise for the future.

OLLIE F. HAYS, Kal, Auburn, Nebr.

MILDRED LAMBERT, P. K., Davenport, Nebr.

LUCY MARQUARDT, P. K., Fremont, Nebr.

She's very studious, so they say,
In fact, she studies night and day.

FOOTBALL

The first game of the 1924 season was with Creighton university. The game was played on a muddy field before a good crowd. In spite of the fact that the Warriors were greatly outweighed the game was very interesting. The half ended 7 to 0 in favor of Creighton. Midland scored in the third quarter and at the end of the third quarter the score was tied, 7 to 7. The fourth quarter the visitors scored twice and the game ended, 20 to 7.

The second game of the season was with the Wayne teachers. The game was played at Wayne. The Midland machine was slow in getting in action but the outcome was never in doubt. Midland scored in the first half and came back strong in the second to score two more touchdowns and to kick one try-for-point. Wayne scored two points on a fluke at the start of the second half and the game ended 20 to 2 in favor of the Orange and Black.

The third game of the season was with the Haskell Indians at Lawrence, Kansas. The day was very warm for football and the heat slowed up the game. Midland scored one touchdown which was not allowed in the first half and the Indians also scored once. The half ended 7 to 0 in favor of Haskell. Haskell came back strong the last half and scored three times. The final score was 28 to 0.

We entertained the Wesleyan Coyotes at Fremont, October 31. The previous year the battle had resulted in a tie and both teams were out to win. Many Midland Homecomers were at the game and there was a great amount of enthusiasm shown. The battle was a fierce one but in spite of all efforts neither team was able to score and the game ended a tie.

The next game was with Hastings, the 1923 champions. The day was ideal for football and a great battle was in store for the many fans gathered there. Midland scored first and clearly outplayed Hastings throughout the game but a pass completed in the last minute of play tied the score and ruined both Midland's and Hastings' chances for a championship.

The following week the team went to Bethany to play the Cotner Bulldogs. The Cotner team showed all the fight of the aforesaid animals and it was not until the last few minutes of the game that Midland was able to score. The game was marked by the listless playing of the Warriors. The final score was 7 to 0.

The eighth game of the season was with the Grand Island Zebras. The Warriors hadn't regained their stride and seemed unable to puncture the Grand Island defense. A very high wind made punting difficult and Grand Island's touchdown was largely due to the wind. Grand Island scored after the wind blew one of Chambers' punts back to Midland's 15-yard line. There was no more scoring then until the last quarter when Rehder, the Grand Island quarter back, kicked a nice drop kick from the 40-yard line. The game was featured by roughness.

The last game of the season was with Doane on Turkey day. The Midland team seemed to have regained the old time fight and began plowing the Doane line for long gains from the first whistle. Long gains by Chambers, Cates and Friedstrom were the features of the game. The Doane Tigers did not go down without a struggle, however, and they scored a touchdown in the last quarter by a series of forward passes. This game completed a successful season and we look forward to the 1925 season with a great deal of pleasure, although five men have been lost by graduation from the 1924 squad.

TSCHUDY

FRIEDSTROM

CUNNINGHAM

CAPTAIN HARLEY TSCHUDY—Guard

One of the best fighters Midland has ever had. His fierce charging and ability to use both his hands and his feet has gained respect for him from every opponent who has played against him. "Tschud" was a good leader and inspiration to his men. He was an all-state selection the past three seasons and was mentioned by Walter Camp as one of the leading players of the 1923 season.

RAYMOND FRIEDSTROM—Halfback-End

Friedstrom was valuable as either halfback or end. He was very valuable—both in defensive or offensive play. His best backfield work was done in the Doane game when he tried to eclipse "Red" Grange and ran 53 yards for a touchdown. We will be glad to see him back at Midland the next three seasons.

PAUL CUNNINGHAM—End

"Dink" was one of the best ends Midland has had in years. He was very fast in getting down on punts and was a deadly tackler. He always gave the opposing tackle plenty to think about on the offensive and was very effective in stopping end runs. This was his second year at Midland and he has received state-wide recognition both years.

WARRIOR

LUSCHEI

KOOLEN

CHAMBERS

ERIC LUSCHEI—Tackle

"Big Lush" the biggest man on the team is affectionately known as the "human tractor." He has played five seasons' at Midland and is recognized as one of the best tackles in the state. He is as great a tackle as Midland has ever known. He is always a gentleman whether on the football field or not and very seldom resorts to "blue" language. He was an all state man for three seasons. He often outstripped the ends going down on punts and was a deadly tackler. He leaves a gap in the line that will be hard to fill.

MARTIN KOOLEN—Halfback.

"Marty" was one of the fastest men in the backfield and after he got under way was very hard to stop. He gained ground consistently in every game. He was quite handy at catching passes and made a good running mate for Bruning in the backfield. "Marty" was very adept following interference and made many nice gains with Bruning and Chambers for interference. He has three more seasons to wear the Orange and Black.

CAPTAIN-ELECT ARTHUR CHAMBERS—
Fullback

"Art" came to Midland with the reputation of being one of Fremont's greatest athletes and made good at once at Midland. He is one of the best athletes Midland has ever had and his choice as captain of the '25 football squad shows how he is regarded by his teammates. "Art" is one of the hardest plungers in the state and is a wonder on the defense. He has received all state honors the past two seasons and is sure to be successful as leader of the 1925 Warriors.

CATES

KOOLEN

HOBEL

CLAYTON CATES—Halfback and End.

"Bobby" played end most of the past season but when injuries hit the backfield he was put there and performed very well. He played an especially fine game against Doane in the backfield, consistently gaining from 18 to 37 yards at a time. At end he was good at catching passes or going down under punts. A great season is predicted next year for "Bobby" whether he plays at end or at halfback.

HANS KOOLEN—Guard or Center

Hans didn't get many opportunities to show his ability this year, but could always be depended upon whether he was placed at guard or center. Sickness was also a handicap to him. Hans has three more years at Midland and next season, more will be heard of him.

FRANK HOBEL—Halfback

Frank was a fine halfback and although he was a big man handled himself very well. He was a good plunger and also a good broken field runner. An injured ankle late in the season bothered him and kept him out of part of the last two games. Frank has three more seasons at Midland and will be back next fall.

PINKALL

LUSCHEI

BRUNING

ARTHUR PINKALL—Tackle

"Pinky" is a long, lean lanky lad from Kansas. He carried an awful wallop in his hands and with the aid of his long arms stopped many end runs and off tackle smashes. "Pinky's" play was characterized by lots of fight and his willingness to work. His place will be hard to fill next year.

LOUIS LUSCHEI—Guard

"Red" played left guard the last season and was always in the game fighting. He hit hard and broke through the line frequently to make a tackle or to recover a fumble. His incessant chatter kept his opponent up in the air and kept his team-mates fighting. He will be greatly missed next year.

EDWARD BRUNING—Halfback

"Jack" was the most consistent ground gainer in the backfield the past season. He was a good man to carry the ball or to run interference. He seldom missed a forward pass and made good gains after catching the pass. His work the past four years has made him one of the most feared men in the state and we are sorry to see him leave this year.

CARMODY

GRAHAM

KISTLER

JOHN CARMODY—Quarterback

"Jack" was the Orange and Black field general during the 1924 season. Although he was the smallest man on the team he had the ability to stick through the entire game without being the worse for wear. He could also be relied upon to catch forward passes and made good gains in this manner. He received all state mention in several of the papers this fall. He has two more seasons at Midland.

LORAN GRAHAM—Center

Loran gained an enviable record while attending Fremont high and landed a varsity berth when he came to Midland in the fall. His playing was consistent throughout the season and what he lacked in size he made up in fight. Loran was a good man on either the offensive or the defensive. He stopped many plays behind the line before they got started. We are sorry that he has quit school.

LLOYD KISTLER—Guard

"Bill's" chief asset was his weight and ability to stand punishment. Last season he started in the back field but was shifted to the line this fall. He has played every position but quarterback and center. He has two more seasons to play.

WARRIOR

CUNNINGHAM

CHAMBERS

WINKELMAN

PAUL CUNNINGHAM—*Guard*

Cunningham has just completed his second year at Midland. He is one of the best defensive men Midland has ever had. He had the habit of slipping up the floor and dropping a neat basket from the free throw line when it was needed. It was almost impossible to get past "Dink" and he could cover a great amount of the floor. He was one of the most consistent players on the team and starred in nearly every game.

ARTHUR CHAMBERS—*Center*

This is "Arts" second year on the Midland basket ball squad and he has been an important factor in every game. He was a good man on the offense and exceptionally strong on the defense. His ability as a jumper assured Midland the tip-off in practically every game. "Art" was the only member of the "Warrior" squad to receive all-state mention. "Art" has two more seasons to star for Midland.

RICHARD WINKELMAN—*Forward*

"Dick" was one of the five lettermen left from last year's squad and played in nearly every game. When "Dick" is "hot" his basket shooting is almost uncanny. He is also a good floor man and a clever dribbler. He gained his high school experience at Fremont High and has two more years to play at Midland.

HERSTEDT

DAVIS

BALDUFF

ROSSER HERSTEDT—*Forward and Guard*

"Ole" is a western Nebraska product and easily upheld the reputation of that part of the state. "Ross" had a good eye for the basket and this coupled with an abundance of fight and speed made him one of the most valuable members of the squad. He started the season at a forward position but was shifted to guard and proved to be the "find" of the season at guard.

ERNEST DAVIS—*Forward*

"Ernie" is a Craig, Nebr., product. His height and scrap make "Ernie" a dependable player. "Ernie" didn't get many opportunities to show his wares this year but he could always be depended upon. This year's experience will be very helpful to him and we predict a very brilliant season for him next year.

RICHARD BALDUFF—*Guard*

"Butch" is a Fremont High School product and is one of the best guards who ever graduated from that school. He made a good running mate for Cunningham or Herstedt. Although rather small in stature he easily overcame this handicap with lots of fight and speed. We will be glad to see "Butch" back at Midland for three more seasons on the hardwood floor.

MITTEN

LARSEN

HAMILTON MITTEN—*Forward*

This is "Ham's" first year at Midland but he played for several seasons previously in Pennsylvania. "Ham" was high point man in nearly every game and when he was "hot" hit the baskets from all angles of the floor. He was a fast man on the defense and broke up many of the opponents' plays. He was handicapped by a broken finger but did fine work all season.

TED LARSEN—*Forward*

Ted was usually used as the running mate for Krause or Mitten and probably played as much as any other forward. He made many clever shots from any angle and was a strong defensive man. With this year's experience Ted will be one of the stars next year in the Midland line-up. Ted got his high school experience at Mead, Nebr.

CATES

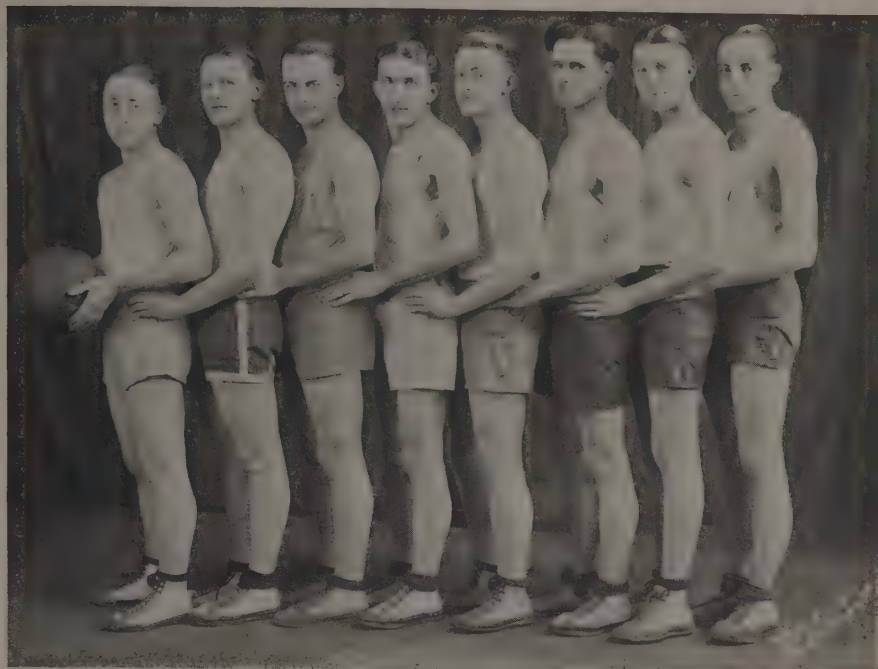

KRAUSE

CLAYTON CATES—*Guard*

"Bobby" got a late start this season but went strong after he got started. He had a lot of fight coupled with natural ability and love of the game and was always making things interesting for the opposing forwards. He worked well with any of the other guards and towards the end of the season was playing a fine game. This is his first year at Midland and we hope to see him back for three more seasons.

ROMIG KRAUSE—*Forward*

Romig hails from West Point, Nebr. This was his first season at Midland but he quickly adapted himself to the Midland style and landed a berth on the varsity. He had a good eye for the basket and was a clever floor man. An injured ankle kept him out of the last few games. He has three more seasons to wear the Orange and Black.

COMMERCIAL BASKET BALL TEAM

For the first time in the history of Midland College the Commercial Department had a basket ball team. The squad included Kruse (Captain) and Eggers, centers; Gillogly, DeVol and Ritter, forwards; and Hart, Dick and Gustin, guards. Nine games were played, the team winning six. This is a very good record as they had no coach and only one or two practices each week.

The Commercials opened the season by defeating the Sub-Freshmen 8 to 3. Being the first game for both teams it was rather slow. Great improvement in team-work and basket shooting was shown, however, when the Lutherans were met and defeated by an 80 to 20 score. A week later the Lutherans were again defeated 32 to 11. The Commercials met their first defeat when they lost their fourth game to the Senior Class of the Y. M. C. A., by a score of 29 to 19. The game was fast and well played but experience and better team-work won. The fifth game was an easy victory, the Congregationals being defeated 36 to 10. Against the Christians, Champions of the Sunday School League, the Commercials played a fast game and showed excellent team-work, but poor basket shooting lost the game. Score was 28 to 20. This was followed by two victories over the Episcopalians and Presbyterians by scores of 39 to 12 and 26 to 10. Weakened by the absence of two regulars, the Commercials lost their last game to the Christians 33 to 21.

GIRLS' GYMNASIUM CLASS

"The strong are guides to the weak."

The completion of the new gymnasium building this fall, opened the way for new activities at Midland College.

One of the new organizations thus formed was the Girls' Gymnasium Class, which meets twice a week under the supervision of Miss Krueger. The purpose of this organization is to increase interest in athletics and to help the girls secure a more complete education.

Henry Scherer, Altman Swihart and Katherine Mitchell were elected to be the cheer leaders at the end of the Football season of '23 for the ensuing year. With the addition of Herbert Dichsen, who was elected as an assistant at the beginning of this school year, the art of raising school pep and fire was undertaken with a zip.

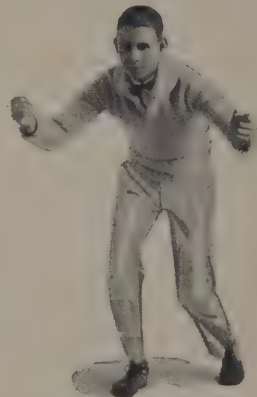

W. E. TILBERG

In the first contest, with Creighton, the Tomahawks furnished the push at the pep chapel which helped to give Midland her touchdown against this powerful team. In the Grand Island game the Wynn Society gave a rendition of a country school. Before the Wesleyan game a huge parade was held up town with all the students participating, arousing the whole city to the support of the Midland standards. For the Cotner game the Commercial put on a stunt about a student body who had been ordered not to show any enthusiasm. For the final game of the season which was with Doane, there was a pep chapel held in the Gym starring two Warriors, one Doane, the other Midland, both after the

hand of victory. Midland was overwhelmingly victorious.

Then after due lapse of time it fell upon the student body to elect the cheerleaders for the following year. The "try-outs" were held with thirteen entering the lists. The successful ones were Altman Swihart, cheer leader; Luther Patterson and Herbert Dichsen, assistances.

Of the many pep chapels conducted under this new regime three were of extraordinary brilliance. Prof. Shoemaker had trained a group of students in high opera and before the Hastings game they presented a parody on Romeo and Juliet. The second of the leading pep chapels was given by Ham Mitten in the Gym in the form of a negro minstrel. The gym was packed and their stunt was such a gorgeous

HENRY SCHERER

affair that they were requested to give it before the Kiwanas Club.

ALTMAN SWIHART

The third was given by the T. K's. before the Wayne game under similar conditions to that of Ham's. They rendered old fashion songs in old fashion costumes and made a great hit with the audience. This same crew of cheer leaders will be back next year and with your support, guarantee to stir up such pep that our team can not help but have a glorious season. Why not a state championship? It's been done, why not again?

The Midland Male Quartet was organized at the opening of school and met with success from the very start. Their first engagement, which was a Father and Son banquet, held in the Kountz Memorial Church at Omaha, was followed by many requests in and around Omaha for their services, which were granted whenever possible. They played a prominent part in school activities and programs.

During the Spring vacation a short tour was made in which they sang in the following Lutheran Churches: Beatrice, Nebr., and Lancaster, Bendena, Waterville, Hutchinson, Peabody, and Abilene, Kansas. The Quartet consists of Alvin Havekost, first tenor; Paul White, second tenor; Max J. Auge, baritone, and Hugh T. Rangeler, bass. Miss Lucille Heckt is the accompanist.

GIRL'S QUARTET

The year 1925 marks the first time that Midland College has ever had a girl's quartet. All year the four girls have been practicing diligently and painstakingly on their program of sacred and secular music. During the year they presented several good programs at various meetings and organizations in the city of Fremont and also at several neighboring towns. They have been well received everywhere they have gone.

Although these girls have not had the experience and practice, and gained the recognition that the Midland Male Quartet has accomplished, they have made a fair success, and each year bids to make them more successful.

The voices of these four girls blend exceptionally well and the lights and shades in their repertoire of, sacred and secular songs are well worked out.

The personnel of the group is as follows: First soprano, Tunie Curyea; second soprano, Virginia Patterson; first alto, Amber Anderson; second alto, Louise Fackelman; accompanist, Berenice Walker.

THE MESSIAH CHORUS

THE MESSIAH

Handel's oratorio, The Messiah, was rendered at Midland under the general direction of the music department.

The chorus was made up of 250 voices with an orchestra of forty pieces. The Fremont and Midland people together with the people of surrounding towns put forth their best efforts in the rendition of the Messiah.

The management was fortunate in securing well known and brilliant soloists. Mrs. George R. Cowden gave beautiful interpretations of the soprano solos; Margaret Spaulding Sturges, whose voice is rich and lovely, sang the contralto lead; Lawrence Dodds, tenor, has a very fine voice which is well fitted for oratorios; and Walter Jenkins, in an appealing, sincere manner, sang the baritone solos.

Much of the success of the chorus is due the management, Dr. J. F. Krueger, President; Dean W. E. Tilberg, Vice President; Carl W. Hawkinson, Secretary-Manager; and at the organ, Prof. Forrest L. Shoemaker. Mrs. May Colson Knowles assisted at the piano. They proved worthy of the task.

For the most part, we owe the successful rendition of the Messiah to Prof. T. Amos Jones, the director, and head of the voice department at Midland College. He was especially fitted for this task, having sung the Messiah with a picked chorus of 10,000 voices in the Crystal Palace, London. He was patient, untiring in his work, and is interested in giving to the public at large, and to Midland in particular, the best of his whole-souled talent.

The oratorio was given as a part of a music festival covering three days. March 31st, a concert by The Madrigal Society and Men's Glee Club, assisted by Harriett Clark Helgren, contralto, and Hugh Rangeler, baritone. April 1st, Fremont-Midland Symphony Orchestra and the Fremont High School Band, assisted by West Sisters String Quartet, and T. Amos Jones, bass. April 2nd, the Messiah. The Midland Gymnasium-Commons building was packed to its capacity.

Midland needs more of this type of music to reach depths, which can not be reached in any other way, and to inspire her young people.

This is the first time Midland has attempted so great a work as the Messiah, but the students and friends responded and it is hoped that in the coming years more can be accomplished.

MEN'S GLEE CLUB

The Men's Glee Club has undoubtedly just closed its best season since Professor Jones took over the direction of the Club. Due to his understanding of music, to his able leadership and to the spirit of cooperation of the men themselves, Midland has a Men's Glee Club of which it may well be proud.

This spring they took an extensive tour into southern Nebraska and Kansas. The trip was the longest and most successful that the Club has enjoyed. Many fine reports have come in commending Professor Jones and the men for their fine work.

MADRIGAL SOCIETY

The Midland Madrigal Society corresponds to the Men's Glee Club, and their activities are practically the same.

At the beginning of the school term all those who wish to join may try out under the personal direction of Professor T. Amos Jones. The number of members is limited to twenty-six.

Early in the Spring the Madrigal Society makes a two weeks' tour for the purpose of placing Midland before the Luthern people in the territory. This year the club visited cities in southeastern Nebraska. Beside these concerts the girls took part in the Music Festival.

In the past the Madrigal Society has appeared for concerts in evening dress, but this year they chose a standard uniform of white flannel dresses and black ties. In uniform the girls make a very much better appearance.

To be a member of the Midland Madrigal Society is considered an honor worth trying for.

PUBLICATIONS

Three of the five publications that appear on the campus at various times throughout the year are published by the students of the college.

The Warrior which is the annual published each year by the Junior and Senior classes, and the Midland, the student newspaper, which is published weekly throughout the school year, are entirely student enterprises. The heads of the annual are elected by the two upper classes while those of the Midland are nominated by the Student Council and elected by the student body.

The Student's Handbook is prepared by students of the college but printed by the college itself. This is published during the early part of the summer by the Federation of Christian Organizations of the College. Two students are selected by this body to have charge of the work of preparing the material for publication.

The Midland College Bulletin appears every other month and is sent out to persons who are interested in the development and growth of the college. It is being used to advertise the college, to secure new students, and to keep the friends of the institution informed as to its growth. The Bulletin is published by the authorities of the school and is their official publication.

In addition to these, the Alumni issue and Alumni Bulletin, which is sent out to all members of the Alumni Association four times during the school year. Their purpose is to keep the alumni informed on all the events of interest that transpire in the life of their Alma Mater. Bill Miller is editor of this publication and is greatly assisted by Vernon Grothe, the field secretary for the association.

All of these publications are in charge of a Committee of Publication, which consists of three members of the faculty. The work of this committee is to supervise these publications and render assistance wherever possible.

THE WARRIOR

The Warrior of 1925 is one of the most representative annuals ever turned out by the students. It possesses an exceptionally well balanced staff and every member has worked diligently and effectively to make this a real annual. They have produced one of which they may well be proud.

John Glock, who was selected by the Senior Class to edit the 1925 Warrior, has very ably handled the work connected with this position. He brought to his position a great deal of experience on college publications and has been able to use this to good advantage. He has been very effective in securing a strong staff and in organizing their work so as to secure the best possible results. He has been very ably assisted by Albert Sudman, Associate Editor. "Suddie" has worked hard with Glock to produce the annual which you are now enjoying.

To one who is familiar with the present "campusology" of Midland, it can be easily understood why it was impossible to elect any one other than Edward Steinacher, "The Twin," as Business Manager of the annual. It happens, however, in spite of this, that no better man could have been chosen to handle this work. He has worked hard to make the annual one of which we may be proud and yet he has endeavored to cut out all unnecessary expense wherever possible. With Cornelius Daly as advertising-circulation manager, the financial side of the Warrior has been well handled. "Red" is a native of the town and very well acquainted with most of the business men and this has aided him greatly in the fine work that he has done.

The past year has been one of the most successful that the college paper has enjoyed. It has seen the establishment of a journalism class, which has aided very greatly in the publication of the paper. This is one of the best things that has happened to the paper, a real forward step, and the class is to be congratulated on the fine work that they have done in this connection.

Naturally the man who has directed the paper deserves a great deal of credit for the excellent way in which the work has been handled this year. Norbert Ziels was elected by the student body to fill the shoes of the editor of the paper. He is deeply interested in newspaper work and had gained a great deal of fine experience in previous years in serving on the staffs of both the paper and the annual. He is a fine organizer, has a knack of getting others to work for him, and in addition is a journalist of no mean ability.

Phillip Beiswanger has ably occupied the office of Associate Editor. This is his first year on the staff but he has turned out some very fine work, has become familiar with the work of publishing the paper and should be able to render excellent service to the paper in the future.

The business side of the paper was ably handled by Altman Swihart, business manager. Through his business-like ways, and pleasant manners, he won many friends for himself, the paper and the school.

FORENSICS

H. F. SCHORY

*Day comes, night goes,
As the breath of a rose;
At the tap of a bell
We are heaven or hell.*

For the first time Midland entered the State Extemporaneous Speaking Contest. This has helped to increase interest in forensic activities at Midland.

ORATORY

Oratory reached a high pitch at Midland this year. The local contest, the largest ever held, was entered by five orators, four of whom were Freshmen. As this was the first one in two years, it created great interest among the students.

Herbert Dichsen, of Omaha, with the subject, "A Canker of Society," won first prize and was selected to represent Midland in the state contest. Robert Gaston, orating on "Birth and Democracy" was placed second. Others participating were Nels Anderson, talking on "Empire Builders," Lightner Swan on "Power of Christianity," and Leo Nielsen on "Guardians of the State."

For the first time in its history, the Nebraska State Oratorical Contest was held, March 14, at Fremont, under the auspices of Midland College.

Emilio de Rossario, a Filipino, representing Nebraska Wesleyan, was awarded first place with Hastings and Doane placing second and third, respectively.

Although the Midland representative did not place, it is realized by every Midlander that our school is becoming more and more interested in oratory. Before the State Contest, representatives of the seven colleges entering, including Wesleyan, Hastings, Doane, Grand Island, Cotner, York and Midland, were banqueted by The Forum, the Forensic Organization of Midland. After the contest, the visitors were again welcomed at a reception tendered them by the same organization.

Who says Midland is not doing much in oratory? All that was needed was someone to start the ball rolling, in the person of Professor Schory, head of the English Department. It now remains for the students to keep it from gathering moss. Watch Midland Oratory boom still louder next year.

DEBATING

*Some of our best
and most successful
are next
year. Ar.*

It is evident, with the close of a most successful debate season, that this line of student activity has attained a far higher goal than in any other preceding year. Especially with the expert coaching of Professor Schory as the most necessary need and evident aid was the season a success.

It started enthusiastically with the tryouts of thirteen debators in competition for the Patterson prize. This was won by Herbert Dichsen, with Rainard Dunkel placing second, and the third place shared by Johannes Klotsche and Robert Gaston.

Work was then begun in earnest and the teams were selected. On the Affirmative were Captain Arthur Nelson, Reno Frobenius, Altman Swihart and Phillip Beiswanger as alternate. The Negative included Captain Rainard Dunkel, Johannes Klotsche and Herbert Dichsen, with Robert Gaston and Albert Sudman as alternates.

The schedule included one single and five duel debates on the question: "Resolved, that Congress should have the power to annul by a two-thirds vote those decisions of the Supreme Court which declare acts of Congress unconstitutional."

Defeated by Nebraska Central College, 3 to 0, and by Kearney 2 to 1, the Affirmatives, however, vanquished Nebraska Wesleyan, 2 to 1. The Negative fared considerably better. With victories over Nebraska Central College, 2 to 1; Kearney, 3 to 0; Nebraska Wesleyan, 3 to 0, and Gettysburg College, of Pennsylvania, 3 to 0, they have a 100 per cent record. A no-decision debate was held with Omaha University. A duel debate yet remains with Grand Island to complete a successful season.

The purpose of The Forum is, as its name signifies, to cultivate forensic art. The training necessary for one to appear at ease on the platform, to think clearly, to express oneself intelligently or to speak extemporaneously is the work done by this society.

This year the society has been strengthened by the talent of the Freshmen received as members. The new members have all shown an unusual interest in the work, and reflect credit upon the society for the advancements they are making.

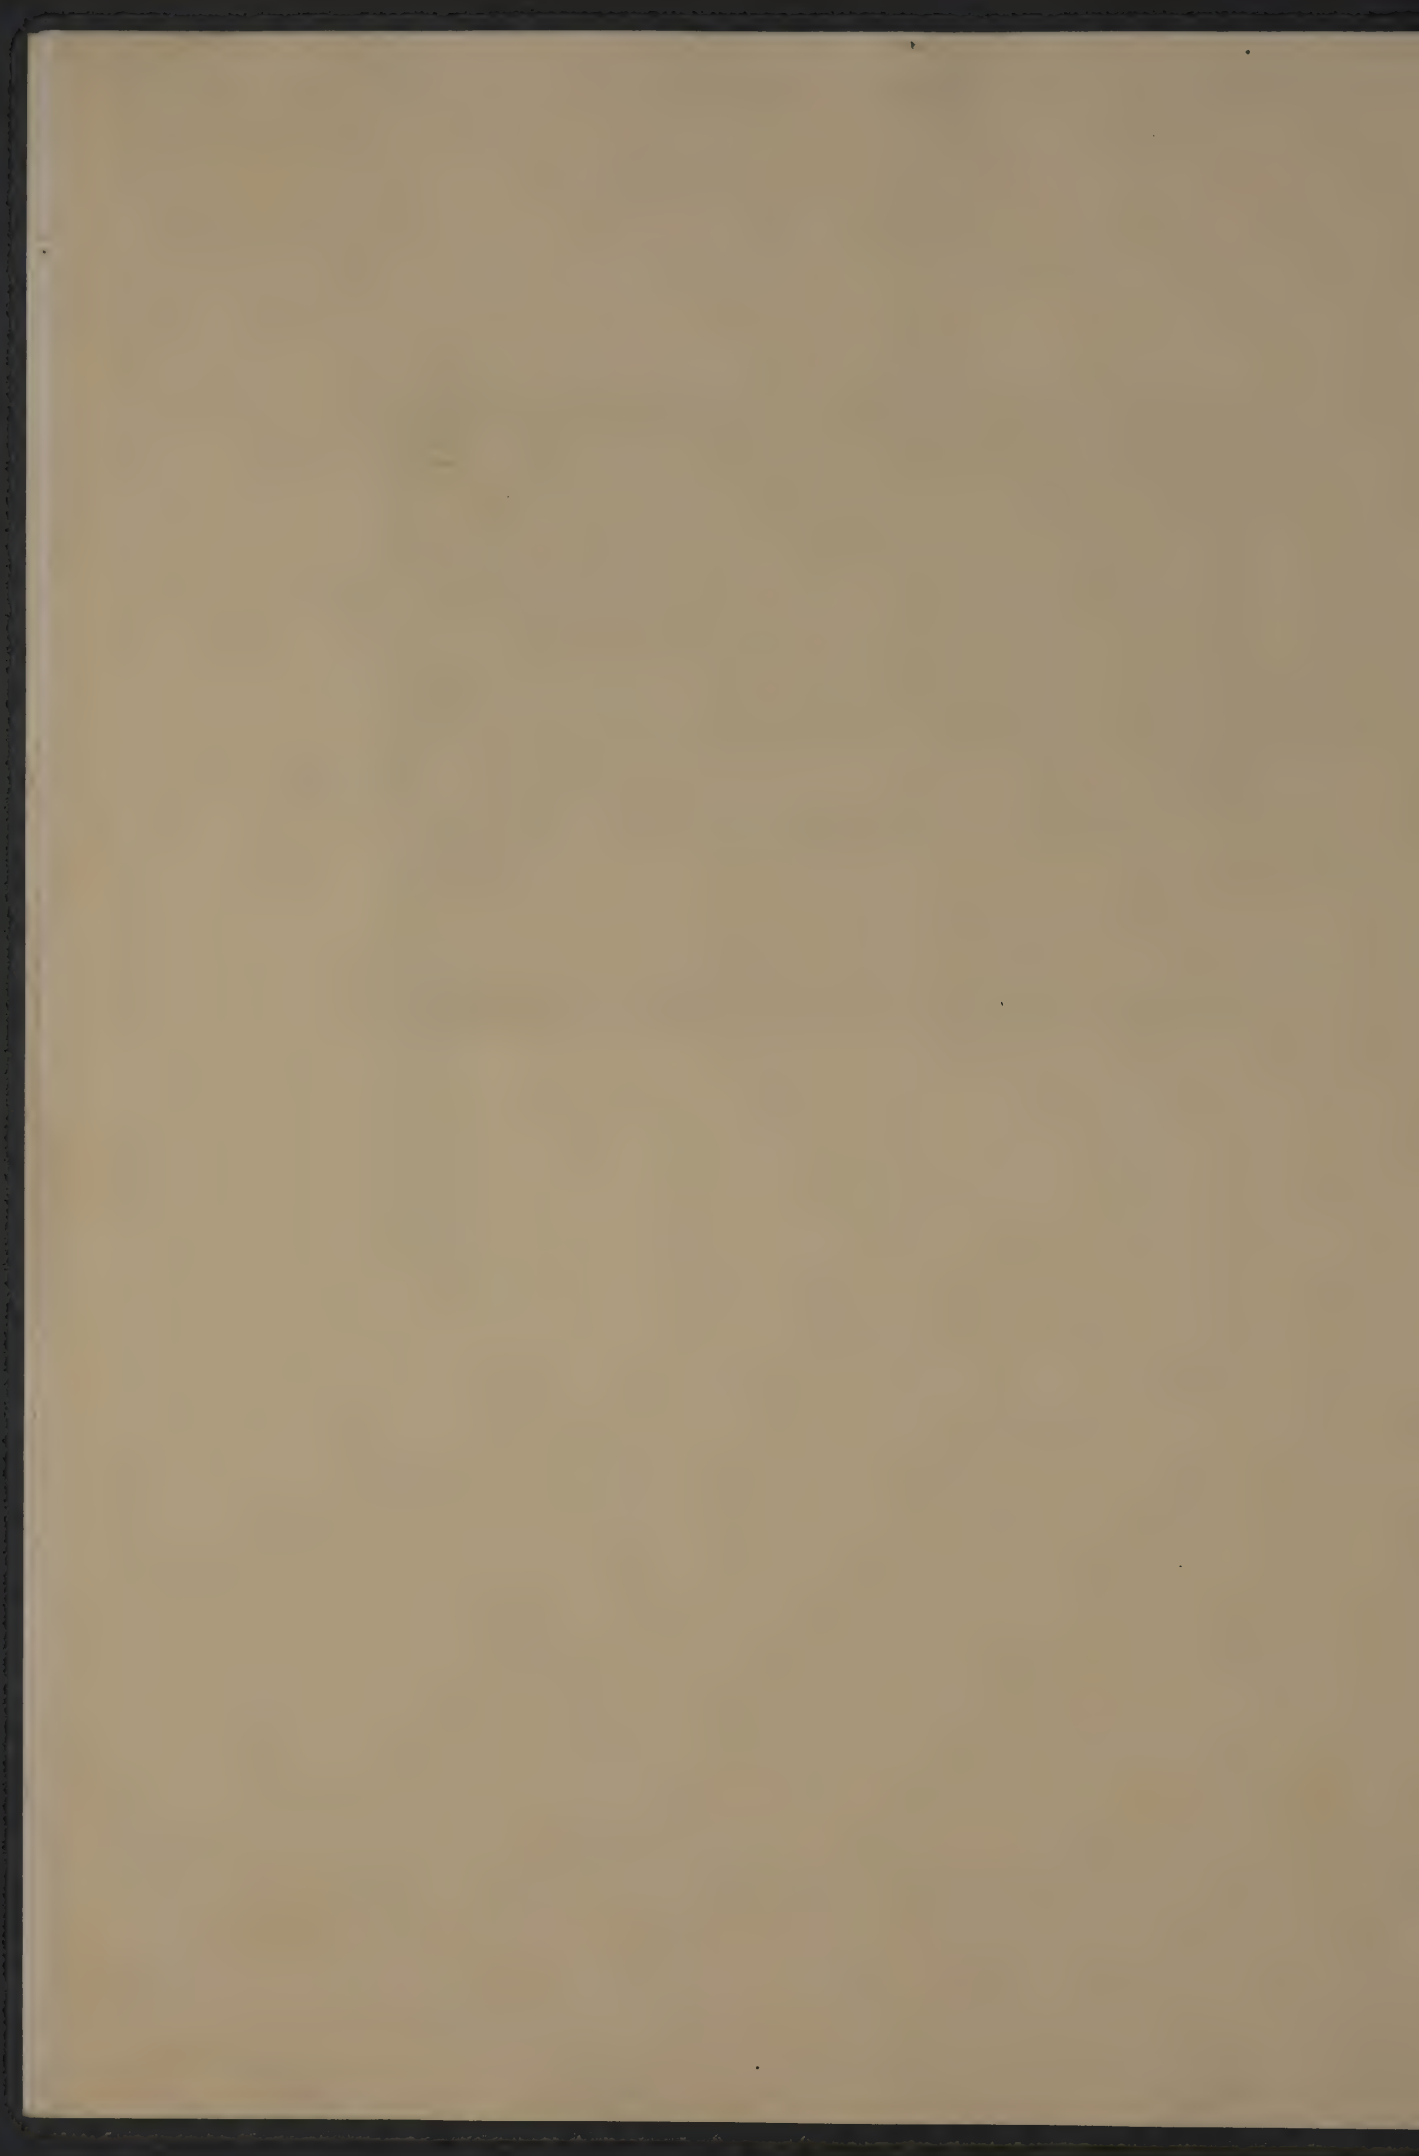

One of the outstanding events of the year was the reception given by The Forum to orators representing the colleges of the state.

The Forum is an organization of which its members are very proud, as is shown by their interest in the society.

The meetings are held each Tuesday evening, during which time some phase of missionary work is discussed.

This society cooperates with the Woman's and General Missionary Societies and sends delegates to all state conventions.

During the past year two girls from this society have gone into Foreign Mission work.

The Y. M. C. A. has grown to be one of the leading organizations on the campus today. It includes in its membership practically all of the Christian young men of the college, as well as a number of faculty members. The faculty, realizing the influence of the Y meetings upon the students, a few years ago decided to set aside the chapel exercises of each Wednesday for the Y. M. and the Y. W. Many interesting programs, including a few joint sessions with the Y. W., have been held throughout the year.

Two of the men, Ernest Harder and Donald Thomas, represented Midland at the Estes Park Conference last summer and it is expected that a number will attend the joint conference this coming summer. The stimulus and inspiration received there amongst the hills cannot be estimated.

It is expected that the coming year will be the best year for this organization that it has had since coming to Fremont. A large percentage of the men will then be in the dormitory, and the dining hall is to be fitted up for the use of this organization. Excellent men have been chosen to head the work for the coming year and all in all, we are looking forward to a banner year.

The Y. W. C. A. has grown to become one of the largest and most active organizations in Midland. It is this organization that attempts to serve the girls not only socially but also spiritually.

A new phase of the Y. W. C. A. which was introduced into Midland this year was the "Big Sister Movement." The attempt proved very successful, and will be carried on to a greater degree in the future.

Two special social features of the year are the "Hike" in the fall, and the "Kid" party in February.

All during the year the Pathfinders have displayed a goodly amount of "pep" and have been very active in student activities.

A special feature of the year was a clever program which they put on at one of the "pep" meetings.

On Homecoming Day the Pathfinders and T. K. worked together and served a luncheon to the entire school and alumni.

The Wynn Literary Society was organized on April 7, 1890, and was Christened in honor of W. H. Wynn, Ph. D., D. D., Midland's beloved professor of English literature and history. The motto of this society means: "We follow the glory of conquering," and each member feels that it is his duty to uphold it.

The Wynns published the first monthly college journal, which has now become a weekly paper. The first play in the life of the college was given by this organization and since that time, plays have become annual events.

Also the custom of holding an annual banquet and reception, which affairs are now held at the Hotel Pathfinder, and are some of the biggest social events of the season, originated in their midst.

The life of the Wynn Society has been varied and rich and crowned with success. Much of its time has been spent in the promotion of companionship and sociability among its members. Its membership has increased as the years have rolled by and the ability, the loyalty and the enthusiasm of the members have brought them many victories and triumphs.

Last year was a success; this year has been a success, and we know next year will be another success.

In the year 1889 the Kalophronean Literary Society, an organization to further the growth of the literary and social life of the students, was organized by twelve Midland students. Always with their motto, "Pergo Modo," in mind, the Kalophroneans have been pressing forward until now the society is one of Midland's strong forces in accomplishing those things for which it was founded.

Each Fall the society is confronted with the problem of securing new members to fill the places vacated by those who do not return. The record of this society and the good work of its loyal members made it possible for this year's rush season to be a very successful one. The quota, that is one-third plus five of the new students, was easily obtained and many new members of talent were added to the list of Kalophroneans.

This society takes great pride in their programs which they present each Friday, except in case of a conflict. These programs uphold the high literary standards of the society and are a credit to Midland. An example of the talent within this organization is its well-known male quartet.

On February 20 of this year they successfully celebrated their thirty-seventh anniversary. Many alumni attended this annual affair, proving their love and loyalty for their society.

PHRENOCOSMEAN LITERARY SOCIETY

The Phi Kappa Literary society is not an old organization which can boast of the triumphs of the long ago. It is the society which was brought into existence by the Freshman Class of 1922, ignorant of college life, but equal to the task of founding a third society, similar to the two already existing. Their name, Phrenocosmean, is taken from the Greek and means "world mind." The motto, "Spectemur Agendo," presents the highest type of an ideal to each member and will insure success to the organization.

Even though they have no long established record to give them distinction, still they are recognized as a strong working force at Midland College. In the short time of their existence, they have so well succeeded in the task they have undertaken, that the way to a greater success is sure.

Last year they presented the play, "Adam and Eva," which was a marked success, and now all Midlanders are looking forward to their theatrical production this year.

Another new triumph they enjoyed last year was the celebration of their first anniversary program and banquet.

The Phi Kappa society is an organization loyal to Midland and it endeavors in all ways possible to be of service to all.

Realizing the need of some organization to promote the social and literary side of life, the School of Commerce organized in 1919 the Eureka Society. It has prospered until today it forms a real bond among all former and present commercial students.

Immediately after the opening of school at Midland, 1924, the society was re-organized and officers elected. The society was divided into four groups, each group responsible for a program to be given every two weeks.

The week following, a mixer was enjoyed by all. Since that time the social life has been kept up well by occasional get-togethers.

Some excellent programs have been given, composed of musical selections, readings and farces. The Christmas feature was especially interesting.

The School of Commerce can truthfully say the Eureka motto, "I have found it," has led the group to higher education, closer friendship and better entertainment.

PHI KAPPA PLAYERS

The early publication of the Warrior has made it impossible for the Play Committee of the Phrenocosmean Society to announce the name of the play which will be presented by the Phi Kappas.

Last year this society put on their first play, "Adam and Eva," which was a great success. Knowing the talent within this society and the unusual ability of the coach, we are sure that their second play will even surpass the one of last year.

The Persistent Saver

is the one who reaps the reward of financial independence in the future.

The spasmodic saver never seems to accumulate anything.

It takes so little to start a savings account here at the Union National that it seems hard for any one to find a good excuse for not saving. Just a small amount put by regularly with interest compounding all the time, mounts up very rapidly.

Save first and then spend afterwards. Try the regular way of saving, you will like it better as your balance grows.

Remember that we pay 4% interest on Savings accounts as well as time certificates, and this makes the Union National a very desirable Bank to choose.

Bill Kistler (in history)—“Darwin enjoyed ill health all his life.”

The proud parent of one of our prominent seniors was heard to remark: “I have my doubts about this League of Nations.”

“Why?” was asked.

“I understand that they propose to go ahead and settle it without paying any attention to what my boy has written about it in his Commencement oration.”

“Oh, that some inventor would patent, make and sell,
An Onion with the onion taste, but
with a violet smell.”

They sat on the porch at midnight,
Their lips were tightly pressed;
The “old man” gave the signal,
The bulldog did the rest.

“Red” Luschei—“How many men are there in the freshman class this year at Midland?”

Max Auge—“Oh, about twenty.”

“Red”—“What!”

Max—“But the others will grow up eventually.”

Prof. Stahl—“Why are you always late to class?”

Dave Curtis—“Because of a sign I have to pass on my way here.”

Prof.—“What has that to do with it.”

Dave—“Why it says, ‘School ahead; go slow!’”

Winnie—“And did you really break his neck in the game today?”

Tschudy—“Oh no. I just merely wrenched his neck a little.”

Winnie—“Harley, I’m afraid I can’t go out with you tonight.”

AN ENGLISH II RECITATION *With Apologies to Tennyson*

Half a step, half a step,
Half a step onward
All into the rear of the room
Rushed the valiant "freshies".
"Forward the English II Brigade!
Charges for the notes!" they said;
All into the rear of the room
Rushed the valiant "freshies."

"Forward the English II Brigade"
was there a one dismayed?
Not while their note books had news
On what they pondered!
Theirs not to worry in reply
Theirs not to reason why
Theirs but to bluff or die
If their thoughts wondered.

Whispers to right of them

Whispers to left of them
Whispers behind them
Volleyed and mingled;
And riding upon pony and trot
Boldly they rode and floundered not
Into the jaws of one hundred per cent
Out of the reach of questions shot
Rode those from misfortune singled,
Oh, when can their intellect fade?
Oh, the wonderful recitations they
made!

All the school wondered.
Honor the bluff they made
Honor the English II Brigade
Noble, valiant, learned.

Prof. Schory—What part of speech is "nose"?

(Voice in back of room)—None, you speak with your mouth.

They were sitting in the hammock. "If I should kiss you, would you scream?" he asked cautiously.

"Well," she answered coyly, "if you did it properly, I don't see how I could."

Student—"Your son just threw a stone at me."

Coach Speer—"Did he hit you?"

Student—"No."

Speer—"Then he wasn't my son."

First Bum—"Say, Pard, how 'ja hurt yer hand?"

Second Bum—"I went into a cigar store to get a cigar, and some clumsy "Goof" stepped on it."

One consolation our professors have; they don't have to sit up late at night making out their income tax reports.

She—"I have a cold in my head."

He—"Well, that's something."

Pat—"And they say she was singing even with her head cut off."

Dick—"What was she singing?"

Pat—"I Ain't Got Nobody."

Boy—"Look, Ma! The circus has come to town. There's one of the clowns."

Ma—"Hush darling! That's not a clown; that's just a college boy."

Dean (in European History)—"Where was the armistice signed?"

J. Rathbun—"In the lower right-hand corner."

Prof. (in biology)—“What plants flourish in excessive heat?”
Bright Freshie—“Ice plants.”

Dean (in American History)—
“When was George Washington born?”

Romig Krause—February 22, 1732 A. D.

Dean—“What does A. D. stand for?”

Krause—“After dark, I guess.”

Julia Tawney (opening a can of pickles)—“Why, they’re all cut up. But I suppose the farmer cut them with his shovel when he dug them out of the ground.”

“Isn’t it strange that Coal, when purchased, instead of going to the buyer, goes to the cellar?”

Frances: “My! Just look how muddy those players are! How will they ever get them clean?”

Jack: “Oh, that’s easy. That’s what they have the scrub team for.”

One good term deserves another, said the convict as he re-entered the cold, gray walls.

Romeo: “Come down from the balcony, Juliet.”

Juliet: “Gotta coupla orchestra seats?”

He was a good little chap—his mother’s pride and his father’s secret consternation. He came to M. C. with not a single blemish on his past. In fact, he had no past. And then—he took the easiest course in the Arts College and went home without a future.

A TRAGEDY

The night was dark,
The cold wind blew,
While down the street
A hobo flew.
From out his belt
A knife he drew,
And sliced a tomato
Right in two.

Copied from a Soph's Notebook.

He called her lily, violet, rose,
And all the flowers of spring;
She said, "I can't be all of those,
You lilac everything."

She: "That dance made me dizzy,
let's sit down."

He: "All right, I know a nice dark
corner out on the porch."

She: "Thanks, just the same—but
I'm not quite as dizzy as all that."

She crossed her slim ankles and
settled back among the cushions of
the hammock. He put his arm around
her and signed. She sighed. He
sighed again and murmured, "Darling—"

"Yes," she queried.

"Darling, will you marry me?"

And when he had gone she cut
another notch in the porch swing.

THE MAN PAYS

Judge: "You don't deny you were
exceeding the speed limit?"

Unlucky One: "No, your honor."

Judge: "Have you a valid excuse
to offer?"

U. O. (dreamily): "Not a valid
one, I'm afraid, but you ought to have
seen the girl that asked me to step
on the gas."
